(1) Please see pre enclosure.

It is true that the use of the Resident's office telephone by the police and the court officials is inconvenient to all the three. There is much disturbance in the office on some days in the month by the police officials moving about frequently to send and receive messages. Also there is no separate clerk in the office to attend to the telephone and ~~to~~ many calls intended for the police & the court officials take away much of the time of the clerks of the office. It seems desirable that a separate telephone should be installed for the use of the Court and the police officers attending

attending it.

If approved, the collector & Dr. Magee may be asked whether Savings are available during the current year and the next year to meet the cost viz. Rs 200 per annum.

Sir,

Telephone Clerk - appointment of - Proposals for submitted.

In the Public Offices buildings there are now only 2 telephone connections one inside the Pay & Accounts Officer's Office and the other in the verandah outside the District Superintendent of Police's office. The latter serves not only the District Superintendent of Police's Office and mine but also all the other offices in this building except the Pay & Accounts Office. It is in charge of a constable who is incapable of answering to and writing down messages and transmitting them promptly and accurately to the several offices. When there is a call, he intimates the fact to the office concerned and a clerk goes and receives the message. This arrangement is not working satisfactorily. Both Brigade and Mr. Russell have found difficulty in getting a message taken. The District Superintendent also has experienced the same difficulty, vide enclosed copy of his letter No.456/3 dated 18-2-26. I, therefore recommend the latter's proposal regarding the appointment of a telephone clerk on Rs.25/- per mensem and request that the Hon'ble the Resident will be pleased to sanction it. Neither the District Superintendent of Police's Office nor mine can spare a clerk for this purpose from our existing establishments.

2. To put a stop to people ringing up my house when they want my office, I have addressed the Divisional Engineer, Telegraphs, Bangalore Division, to designate the phone attached to the Office of the District Superintendent of Police as "Office of the Collector & District Magistrate and of the District Superintendent of Police" in his next directory. I propose to debit, from the current official year, half

DESPATCHED

telephone charges to the head "2. Administration of Justice - Criminal Courts - Contingencies - Office expenses & Miscellaneous", the other half being debited to the Police budget as hitherto. I request sanction to this proposal.

3. The amount of Rs.300/- required to meet the pay of the proposed Telephone Clerk may be met by reappropriation, in the current year's budget from either the minor head 'Leave salary of establishment' or 'Contingencies' apportioning the cost between the 2 offices.

Letter No.456/G dated 18-2-1926 from the District Superintendent of Police, C & M Station, Bangalore to the District Magistrate, Civil and Military Station, Bangalore.

Reference correspondence ending with this office No.2719 dated 28-11-25; I was called up on the phone by the Resident on 16.2 while in office; he complained that he could get no sense at all out of the man who answered the call at the box and who did not seem to have any idea of how to put the Resident on to my switch. In fine, the Resident was kept waiting for a long time. I have received many exactly similar complaints and the reason is that the Telephone box is in charge of a constable. At one time an arrangement was made whereby the School Head Constable was put in charge of the phone and matters then worked easily and well; since January 1st, however, the School Head constable has been abolished under retrenchment. I would now point out that this phone serves not only your office and mine, but also the needs of the whole block of offices except the Pay & Accounts Office - there being only this one other phone in the building. In the Resident's office a special telephone clerk is maintained and the number of calls received there is perhaps one quarter of the number received here. For all the above reasons I would strongly recommend that a telephone clerk be sanctioned for the Public Offices telephone. He should be borne on the strength of my office as most of the calls received are for my office - pay might be fixed at Rs.25/- per mensem.

The District Munsiff and Magistrate's Court of the Station, at present, is not provided with a telephone. The necessity for a phone is very keenly felt both by the Court and its office staff and by the Police who attend the court. The only telephone in the building is that belonging to the Resident's office. Use of this phone by Munsiff/ Magistrate's court and the Police means constant disturbance in the Resident's office.

I, therefore, request that early arrangements may be made for the provision of a separate phone for the Munsiff Magistrate's court.

I learn that a reference has already been made by the Munsiff Magistrate, in the matter.
